**GLOBAL HEALTHCARE INNOVATIONS FOR THE FUTURE**

[www.medicalfair-thailand.com](http://www.medicalfair-thailand.com)

**The 10th edition of MEDICAL FAIR THAILAND returns from 9 - 11 February 2022.**

The well-established medical and healthcare exhibition will continue staying ahead of the curve - reflecting the needs of the region's medical and healthcare sectors; with lessons learnt from the pandemic, as well as the immense changes and advances in medical technology that continue to drive and impact the industry.

Building on the successful staging in 2019, Start-Up Park returns as an international platform which enables meetings and networking amongst healthcare start-ups, academics and investors, including accelerators and healthcare professionals from all over the world with a dedicated programme line-up which includes fireside chats, panel discussions, and more.

**Be a Part of the Future, JOIN US TODAY!**

- Leverage on the growth of the booming Asian market
- Expand your network across various medical sectors
- Engagements during the START-UP PODIUM® session
- Extended marketing & publicity platforms
- Speaking opportunity to share your expertise
- Closed Door Focus Group session with clinical experts

**Qualifying Criteria**

Revenue less than SGD 5 million

Less than 20 employees

Founded for less than 4 years

**Hear from the Participants:**

Working with the Start-Up Park, we have been able to connect with many partners that make up our ecosystem. Whether they are medical technology providers, healthcare system operators and so forth - it has been very fruitful for us. The biggest benefit is the exchange of ideas [...] so learning from other companies working in different countries gives you a spectrum of different perspectives and give us an idea on how to innovate better to serve the population in Asia.

**Julian Koo**  
Co-Founder, Jaga-Me Pte Ltd  
Exhibitor of Start-up Park

This is my first visit to MEDICAL FAIR ASIA and I am particularly impressed by the Start-Up Park concept, [...] with an ageing population, it is important to create a connected healthcare ecosystem.

**Dr Anand Govindaluri**  
Founder and Managing Director  
Govin Capital Pte Ltd
